

## HIGHLIGHT PRODUCT ISPO 2020

# STYLISH ALL WINTER LONG IN THE UNISEX LOOK

## Oslo Unisex Down Parka

With its successful Oslo collection, Bergans of Norway enters its third winter season. This casual lifestyle collection combines timeless everyday fashion apparel with the functional and protective features of outdoor clothing. The line remains impressive, with first-class hardshell materials and heat-insulating and midlayers in a stylish urban look. The Oslo collection also stands out because of its extensive use of more sustainable fabrics, materials and production methods. All fabrics in the Oslo collection are PFAS-free, and nearly all are bluesign® approved. The collection's name, Oslo, pays tribute to Norway's capital, which was named the "2019 Green Capital of Europe" by the European Commission.

## OSLO UNISEX DOWN PARKA – A TRUE HEAD-TURNER

The perfect combination of style and warmth for very cold winter days! Whether worn for a stroll through the city or for long walks, the new Oslo unisex down parka provides perfect weather protection against extreme cold and looks awesome too. A true head-turner! Unisex styling works equally well for both women and men. The parka is filled with quality recycled down from RE:DOWN. The waterproof Bergans Element Active® membrane (min. 5000-millimeter water column) forms an outer layer to protect against rain and humidity. It also provides outstanding wind protection and circulates excess heat to the outside. The fashionable unisex look is the perfect style for her and for him, available in three colors.

Fabric 1: Pertex® Quantum Eco 100% polyester (50% recycled)  
 Fabric 2: 2-layer Bergans Element Active®: 100% polyamide (Nylon)  
 Down: RE:DOWN, 90/10, 700 cu in fill volume, box construction  
 Sizes: XXS – XXL (Unisex)  
 Sale price: €450

*Bergans of Norway at ISPO - Hall A2-216 (Scandinavian Village)*
